SEA LANES CLEAR OF GERMAN SHIPS

American Grain Exporters, However, Will Stop Sending Grain Away.

CANCEL CONTRACTS

Six Cargoes of Wheat Already Seized —Owners May Lose Money by Present War Conditions.

New York, August 13.—Official assurance from the British admiralty that sea lanes to Europe are clear of German ships did not serve to alter the determination of American grain exporters today not to ship grain to England. As explained by a committee of the grain exporters, the situation is as follows.

Liverpool firms hold contracts from Americans for huge supplies of wheat, sold on prices current before the war declaration.

All grain consigned in fulfillment of these contracts is seized by the British government.

The small number of ships still sailing charges exhorbitant rates and the insurance risk is at a new high record.

The committee has advised the cancelation of all contracts, since it is apparent the grain never reaches its consignees; is taken by the British government at its own price, and a price which does not compensate the shipper for his expenses.

Seizure of six cargoes of wheat has already been reported to the exporters, and so far there is nothing to indicate that the owners will ever receive the money from the British government.

A committee of grain men will confer with Secretary McAdoo in Washington tomorrow. They seek a pledge from Great Britain, exacted through the State Department, either to permit consignees to receive cargoes or that the shippers will be adequately compensated if the grain is taken by the government.

Cancellation of contracts is being made by American firms on the basis of a clause automatically terminating the contract in the event that hostilities prevent shipment.

The British firms claim that hostilities have not halted commerce, in view of the admiralty statement, and are demanding fulfillment. American exporters face heavy penalties in British admiralty courts if those tribunals take the same view as the British grain men.

Canadian ports are still open and commerce is reported as unmolested better craft.

WOULD PRODUCE APHASIA.

Senator Lane Suggests Introduction of "Gila Monster."

At an informal conference of Senators yesterday, which met to consider a form of closure to limit Senate debate, Senator Harry Lane, of Oregon, suggested the use of the "gila monster."

The Senator explained that the "gila moster," which frequents Arizona, fastens itself upon the human being and injects a poison into the system, which results in paralysis of the vocal organs for a period of two years.

Senator Lane is a physician who enjoyed some prominence as a practitioner before he espoused politics.

"The sting of the gila monster does not kill, it simply benumbs or paralyzes," said Senator Lane. "My plan is to get one of these and attach it to a Senator and the result would be that we could reach a vote on a pending measure within a reasonable time."

The conference took place in the Democratic cloak room.

All the big ships of the Atlantic battle fleet will be withdrawn from Vera Cruz and brought north by September 1. Secetary Daniels announced his intention to leave in Mexican waters only small craft capable of patrol duty or which might necessarily be ordered across the Gulf to Dominican or Haitian waters.

NEWS OF THE DAY

The Pope is so overwhelmed with grief by the outbreak of war among all the principal nations of Europe that he is unable to do any work and sits listless and silent for hours every day. Although he is not ill, his condition is causing grave anxiety to his attendants.

James B. Ecker, aged 26, Boy Scoutmaster; Glenwood Albert, 17, and John Graves, 16, Boy Scouts, were drowned in Lake Erie, 13 miles from Toledo, Ohio, Tuesday night. Fifty went swimming when camp was pitched for the night. Ecker and Albert were drowned rescuing a small boy.

A Rome dispatch to the London Central News says the Messaggero publishes a message from Basel, Switzerland, stating that two German infantry regiments were annihilated during the battle with the French troops at Muhlhausen.

Powerless to give assistance, a dozen men and women stood horror-stricken yesterday morning on Georgia avenue, near Allison street, northwest, Washington, as Patrick L. Nelson, a lineman of the Potomac Electric Power Company, was killed by a live wire. While working on a cable he accidentally came in contact with a live wire. He hung there long enough for the heavily charged wire to send several thousand volts of electricity through his body. Nelson's body was freed in some unaccountable way, and it pitched headlong to the ground. Nelson was a native of Portsmouth, Va.

Former Senator Joseph W. Bailey will run again for the Senate in 1916 for the seat of Senator Culberson. He made this announcement yesterday at El Paso, Texas, following the refusal of the Democratic State convention to do his bidding upon his resolutions opposing woman suffrage and nation-wide prohibition. Before the convention Biley learned the majority were going to steam-roller his resolution. He then threatened to get these two issues squarely before the people of Texas, if the majority went through with its plan. The majority did that very thing and the former Senator lost no time in announcing his candidacy.

BLOCK SIGNALS.

Southern Railway to Install Electric System.

The Southern Railway has started the installation of a system of electric block signals on the main line of its system, between Monroe and Whittles, a distance of about fifty miles and about eight months will be required to complete the system. The company now has in operation a system of block signals through Lynchburg, which is operated by electricity generated by batteries, but the new system is to be alternating current, which is to be developed in an electric power house stationed at Monroe. The plans also provide for booster plants at Lynchburg and Whittles, and it is understood the entire double track system will be equipped with this safety block system as rapidly as it can be accomplished. The portion of the system between Danville and Pelham Junction is already under construction or will be within a very short time.

The system is not designed to extend over the old route through Lynchburg, therefore, it is probable that the booster station will be located on some of the company's property through the West End.

With the power generated in the steam power plant at Monroe the company will light all of its stations and yards, as well as the divisional terminals at Monroe. At Lynchburg connection will be made with the Lynchburg Traction and Light Company's system for auxiliary purposes.

A large gang of men is engaged now getting poles for the wires between Monroe and Lynchburg. The wires will carry, it is understood, a voltage of 4,400, three wires being utilized for this purpose, with transformers for each of the block signals, which are to be located at intervals of one mile.

The system is being installed by the General Railway Electric Signal Company, of Rochester, N. Y., and when it is in full operation several block telegraph offices will be discontinued by the company.

ENGLAND WILL WAR ON AUSTRIA

Orders to British Ships in Mediterranean to Get to Work.

SHIPS ON THE COAST

Great Struggle Impending in Adriatic—Pola Forts Not Sufficient to Withstand Bombardment.

London, August 13.—Orders were today flashed to the British fleet in the Mediteranean to strike against the Austrians.

The orders as sent out from the admiralty announced that a state of war with Austria has existed since midnight.

The British admiral commanding in the Mediterranean was therefore ordered to proceed against the Austrians at once.

The Austrian fleet is believed to be lying off its naval base, Cattaro, in the Adriatic.

While details of the present strength of the Mediterranean fleet are withheld for strategic reasons, it is known that when war broke out there were three of the first-class battle cruisers and several armored cruisers and accompanying destroyers at the Mediterranean naval base.

They have been in pursuit of the German cruisers Goeben and Breslau and are now probably near the Austrian coast, where the French fleet is also understood to be.

Rome, August 13. — Steamers reaching Venice today report that the Austrian fleet is cleared for action lying about fifteen miles off the Austrian naval base of Pala.

The British and French Mediterranean fleets, including the British battle cruisers are near the entrance to the Adriatic and a naval battle of magnitude is impending .

The Pola forts are not of sufficient strength to withstand a heavy bombardment by the allied fleet should the Austrians take refuge inside of the harbor.

London, August 13.—(1 a. m.)—Declaration that a state of war exists between Great Britain and Austria-Hungary as from midnight of August 12, has just been issued by the foreign office.

The declaration was precipitated, according to an official announcement of the foreign office, by the request of the French government that his majesty's government communicate to the Austro-Hungarian ambassador at London the following declaration.

"After having declared war on Servia and having thus taken the initiative in the hostilities in Europe, the Austro-Hungarian government has placed itself, without any provocation from the government of the French republic, in a state of war with France, and after Germany has successively declared war against Russia and France, she has intervened in this conflict by declaring war on Russia, who already was fighting on the side of France.

"According to information worthy of belief, Hungary has sent troops over the German frontier in such a manner as to constitute a direct menace against France.

"In the face of these facts the French government finds itself obliged to declare to the Austro-Hungarian government that it will take all measures necessary to reply to these acts and menaces."

"The foreign office statement continues.

"Communicating this declaration accordingly to the Austro-Hungarian ambassador, his majesty's government has declared to his excellency that the rupture with France having been brought about in this way, it feels obliged to announce that a state of war exists between Great Britain and Austria-Hungary as from midnight."

Official arrangements have been made for the Austria-Hungarian ambassador and his personal retinue to leave London tomorrow.

Hard and Soft Shell Crabs at Rammel's Cafe

COLONIAL POSSESSIONS.

Great Powers Now at War Have Great Dependencies Throughout the World.

Four out of the six powers of Europe now engaged in warfare have colonial possessions, protectorates and dependencies scattered all over the world.

Austrian Hungary and Russia have no colonial possessions, though the Russian empire stretches through the continents of Europe and Asia and presents a long coast line on the northern Pacific. Of the others, Great Britain has colonies and protectorates the world over. France has colonies and protectorates in Africa, India, China, in South America, in the West Indies, in North Atlantic and in the Pacific and Indian Oceans.

Germany has colonial possessions in Africa, in China and in the Pacific Ocean, and Italy has dependencies in Africa and a concession in China.

Eugland's vast empire, India, Canada and Australia; her holdings on the Malay peninsula; her colonies on Africa and her fortified positions in the Mediterranean, Gibraltar and Malta, put her at the head of the colony-holding nations of the world; they also increase the field of her protective operations.

Many of the minor holdings of the four powers with colonial possessions to defend are themselves without military strength. In many cases the protecting power has only very small garrisons on shore, amounting to nothing more than local police forces. This is particularly true in Africa, outside of the French and British colonies, in the Pacific Ocean and in American waters.

The continent of Africa presents a notable picture of the juxtaposition of protectorates and colonies belonging to Great Britain, France and Germany. France has a protectorate over Morocco and her Algerian possessions, facing the Mediterranean, are bounded on the east by Tripoli, a dependency of Italy.

Then comes Egypt, where British interests are paramount. On the Red Sea and continguous to Egypt is the Italian dependency of Eritrea. Coming down the east coast are British Somaliland, Italian Somaliland, British East Africa, German East Africa, Portuguese East Africa and then British South Africa, embracing Rhodesia, the Transvaal, the Orange River colony, Natal and the Cape of Good Hope.

On the west, continuous in the order named, are German Southwest Africa, Portuguese West Africa, the Congo Free State, belonging to Belgium; the French Congo; Kamerun, belonging to Germany; the Niger territories, a protectorate of Great Britain; French West Africa; Togoland, belonging to Germany; the Gold Coast, a British colony, and the Ivory Coast, annexed by France twenty years ago.

MINES INCREASING FORCE.

War Conditions in Europe Have Largely Increased Demand for Fuel.

Richmond, August 13.—Reports received in the office of Commissioner of Labor James B. Doherty indicate a general revival of activity in the Virginia coal fields. Coal mines that have been working half time throughout the summer are daily increasing their forces, and it is but a matter of a few days before practically every mine will be in full blast.

The mines are situated in Russell, Tazewell, Wise and Montgomery Counties. While the greater volume of the output is soft coal, several large companies are mining anthracite. Both hard and soft coal are in demand, and it is expected that war conditions in Europe will, directly and indirectly, largely increase the demand for all kinds of coal.

By virtue of his office, Commissioner Doherty is the State inspector of mines. A. G. Lucas, of the Commissioner's staff, is the deputy constantly on the job in the mining districts, however spending a great part of the year among the coal miners. Deputy Lucas reports physical conditions in the coal fields much improved. He reports that this improvement is steadily increasing. The miners and operators are working in perfect harmony and the prospect for a profitable season was never before so bright.

FIGHTING AT A DOZEN POINTS

Enormous Losses Reported at Namur During Fierce Engagement.

BELGIANS HOLD OWN

Reported Repulse of Germans—Hand-to-Hand Fighting Between Cavalry—3,000,000 in Struggle.

Enormous losses are reported from Namur, where the German attack on the Belgian and French lines is centered.

Fighting at a dozen points along a sixty-mile battle front is reported, but the sole official word as to the outcome of the opening clash allowed to filter through is that the "Belgian positions are maintained."

It is known that the Germans engineers have bridged the Meuse and are bringing up heavy artillery.

The Belgian war office admits that the battle has only just begun. No information can be obtained as to positions of the allies and the censor has carefully eliminated every reference to the British allies.

The forts at Liege are undergoing heavy bombardment from the siege guns.

To the south, cavalry, infantry, and artillery are operating.

The Belgian war office asserts that the German assault on the left wing has been repulsed.

Hand to hand fighting between cavalry forces marked the opening assault on Tirlemont, when Belgian and German lancers charged each other.

This skirmish left 250 on the field, among them Count von der Durch.

While the main battle seems to be centered on the plains of Belgium, fighting is continuous at various points along the entire Franco-German frontier, the belligerents in constant combat numbering approximately 3,000,000 men.

In an official statement the Belgian war office says.

"The Belgians still maintain the offensive and have recaptured Landen. All bridges have been destroyed and all railroad communication cut to the rear of the Germans front.

BOLT HITS MONTICELLO.

Jefferson's Home, Near Charlottesville, Fired by Lightning.

Monticello, the famous residence of Thomas Jefferson, near Charlottesville, had a narrow escape from destruction by lightning, according to information recived by Representative Jefferson M. Levy, of New York, its owner, yesterday.

A bolt of lightning hit a large poplar tree which stands by the pantry of the big mansion, and set the tree afire. The flames spread to the window sashes nearby, and the caretakers had much difficulty in extinguishing them. Some minor repairs will have to be made.

MENU OF ENGLISH COURT.

Plain Living Introduced Among the Royalty.

London, August 13.—In a recent issue of the Official Court Circular it is announced:

"By order of the King, plain living is now the rule at the royal table."

It is learned on the highest authority that plain living at court means that the cost of the royal table has been reduced from $2.30 per day to $1.25 per diem per capita. In the last reign the cost of living for the royal family was reckoned at $2.88 per diem each. Dinner at Buckigham Palace now consists of four courses—soup, fish, joint and sweets. It used to consist of six courses.

All entries have been aabolished. Breakfast now consists of fruit and porridge. Fish is served two days a week and eggs and bacon once. The cost of living in the servants' hall has been reduced from $1.44 per diem per capita in times of peace to 88 cents per diem in war times.

LOCAL BREVITIES.

Members of Colored Elks' Lodge, No. 48, will leave this city for Norfolk on the 24th instant to attend a convention of the order.

Arrangements are being made for holding a mass meeting of colored voters at Jackson's Hotel upper King street, in the near future.

The base ball team of the Alexandria police force and employees of the Washington-Virginia Railway will play a game on August 17th at 4 o'clock at the local park for the benefit of the Children's Home.

An important meeting of Washington Memorial Lodge of Perfection, No. 7, will be held tomorrow night in Masonic Hall.

A meeting of the committee which is to select the site for the new building of the Alexandria Hospital will be held this afternoon in the rooms of the Chamber of Commerce.

POLITICS IN OHIO.

Warren G. Harding Defeats Joseph B. Foraker.

Columbus, Ohio, August 13.—Leaders in the major political parties began last night preparing for the platform conventions, which will be held in this State on August 26th. Reliable returns from Tuesday's State-wide primary had left in doubt only the nominees for Congress in one or two districts and nominees in some instance for minor offices.

The narrow margin that had separated former Senator Joseph B. Foraker and Warren G. Harding, of Marion, early in the day was wiped out by further returns that assured the nomination of Harding as Republican candidate for United States senator. Harding's plurality will be several thousand over Foraker, and former Representative Ralph D. Cole, the latter having run third.

Foraker had conceded his defeat, and sent a telegram of congratulations to his successful opponent.

Representative J. H. Goeke, of the old Fourth district, was defeated for renomination. N. W. Cunnigham was given the Democratic nomination by a majority of 800. All of the other present Ohio represntatives who were candidates, were renominated except in the Twenty-first district, where Representative Bulkley was defeated by Representative Crosser, the two having been thrown into the same district by recent reapportionment.

Former Representative Nicholas Longworth was nominated in the First district without opposition on the Republican side.

ATLANTIC OCEAN CLEAR.

Five British Warshipsc Protect Shipping Intersts.

New York, August 13.—The Western Atlantic Ocean is clear for shipping in the area as far south as Trinidad, according to announcement made by Admiral Sir Christopher Cradock, of the British cruiser Suffolk, through the British consulate here. The Suffolk is now not far from New York City.

The consul went on to say that there were five British warships in the Western Atlantic and that their patrol was so effective that all British shipping intersts had been assured that there was little danger from German craft.

This information was brought from Admiral Cradock by the captain of the steamship New York City, which the Suffolk halted outside of New York harbor yesterday.

"The report from Admiral Cradock is most reassuring," said R. L. Nesworthy, acting British consul general," "and I have notified the steamship lines that the ocean is now clear of German cruisers. As the message from Admiral Cradock involves the movement of the fleet and plans of the admiralty I cannot make it public."

In a quarrel over $12 in accounts, Porter Spencer, aged 48 years, a farmer, shot and killed his father, John Spencer, aged 78 years, near Clinton, Ill., yesterday. The quarrel started between Porter and his brother Thomas. When the father interfered, Porter shot him. After chasing his brother into a cornfield, Porter turned the gun on himself and blew out his brains.

MILLON DOLLARS MORE NEEDED

United States Tariff Receipts Diminished by Present War.

NEW SOURCES SOUGHT

Higher Rates on Liquor and Tobacco and on Incomes Are Proposed—President Will Decide.

Washington, August 13.—How to raise something like $10,000,000 to offset the loss to the United States in import duties expected to result from the war in Europe, was the subject of a conference today between Secretary McAdoo and Representative Underwood, chairman of the House Ways and Means Committee.

Treasury experts have completed a statement showing imports from the war zone. They did not hazard an estimate of probable loss in revenues, though informally it was admitted that the total might be in the neighborhood of $100,000,000 for the year. Figures also have been prepared to demonstrate what might be raised by increased taxes on liquors and tobacco and by adding to the income tax.

Representative Underwood and Senator Simmons, chairman of the Senate Finance Committee, are making a thorough study of the situation, but will not attempt to frame a definite plan of action until Secretary McAdoo has outlined actual conditions. Then the advice of President Wilson will be sought.

The normal revenue on importations from the countries now affected—Germany, Great Britain, Austria-Hungary, Russia, France and Belgium—approximates $116,000,000 a year. Germany exports many things that the customs experts say may be provided by England and other countries. Japan might take advantage of the opportunity to increase its exportations of articles normally supplied by Germany. The chief loss will be in pottery, laces and embroideries, toys, dyes, etc.

Among the schemes being informally considered is one to change the internal revenue tax on cigars and tobacco, making it an ad valorem tax instead of a flat tax on amounts. In this way it is estimated about $40,000,000 could be raised. From an increased beer tax it is estimated $30,000,000 could be brought in. No change in the income tax could be effective until after July 1 next.

The Treasury statement shows that the customs receipts for the month of August up to date, aggregate $7,766,538, against $10,205,958 for the same period last year, and that since July 1 the total has been $30,755,033, about $7,000,000 less than during the first six weeks of last year.

Senator Fields, Tennessee, issued a statement yesterday urging the use of the income tax to provide any additional revenue needed.

'I favor an increase in the income tax," he said, "thus placing the burden on the wealth of the country, which, although receiving greater protection and benefits, has always borne, proportionately, the smallest share of its maintenance."

NEWS OF THE DAY.

Edward P. Admory, secretary of the Western Railroad Association, was found dead in a pool of blood in his office in a downtown office building in Chicago late yesterday. There were two deep cuts on his head. The police believe he was murdered. Papers and books scattered about the room indicated that a struggle had taken place.

The mutilated body of Miss Louise Mick, 18 years old, was taken from her home Sunday night by a kidnaper, was found yesterday in a cornfield north of Schuyler, Neb. The young woman had been beaten to death with a club. Frank Heldt, a farm laborer, has been arrested. Miss Mick was taken from her bed and carried away after her mother and aunt had been bound with wire.

SOCIAL AND PERSONAL

Interesting News Notes About People of Alexandria—Happenings in Society.

John G. Graham, of the real estate firm of Graham and Ogden, is spending ten days in Atlantic City, Asbury Park and New York.

Messrs. William Ferguson, William Lyons, both of this city, and Mr. Collins, of Washington, have returned home after a ten days' trip to Philadelphia and Atlantic City.

Mr. F. F. Marbury left today for Atlantic City, where he will spend the next ten days.

Miss Margaret Virginia Emerson, of 21 Rosemont Avenue, left Tuesday to spend several weeks with her brother Edward, in Ottawa, Canada.

Mrs. William F. Roat, accompanied by her children, has gone to Sharon, Pa., where she will spend the next month as the guest of her uncle, Mr. John Fahnline, a former resident of Alexandria.

TO GET EXPORTS MOVING.

Notable Gathering of Business Men to Be Held at Treasury Department Friday.

Washington, August 13.—A notable assemblage of representatives of the banking interests and commercial organizations from all parts of the country will attend a conference at the Treasury Department Friday to consider moving grain to Europe and restoring the market for foreign bills of exchange.

Secretary McAdoo, Secretary Houston, of the Agricultural Department, and members of the Federal Reserve Board will meet the delegations.

The Treasury Department was flooded yesterday with messages accepting invitations to the conference. In issuing the call the department announced that foreign exchange and the question of providing sufficient ships to move the grain and cotton crops to European markets are pressing problems and that the Government will make every effort to co-operate in meeting the situation.

President Wilson will see the visitors after the conference.

A bill to appropriate $40,000,000 to buy ocean-going ships to carry American trade was introduced by Representative Moss, of West Virginia. They would be auxiliary vessels for the navy.

CARNIVAL HAS BIG CROWDS.

Liberty Shows Proves Exceptionally Clean And Meritorious.

Last night proved to be the biggest night of the week for the carnival in regards to the crowds. The big midway was packed to the entrance, and all the shows were well attended. The dog and pony show was obliged to turn people away at each performance, as the big tent was far from being large enough to accommodate the crowds. The motordrome was crowded at all times, as was the Caddis show and the athletic show.

The merry-go-round and ferris wheel were kept busy at all times, and the teddie bears and doll wheels were well patronized. Although the threatening weather may have kept a few away, all enjoyed themselves until a late hour. The high dive was given again and many waited until 10.30 to witness the thrill and were well paid for their long wait. The usual band concert that is being given twice daily by Frederick Carganis Royal Italian Band offers some fine music, and the singing of Miss Ruth Gilpin, who sings with them, has a voice of charms.

All in all, the carnival is apparently high class and meritorious throughout, as there are no games of chance or any show that is not such that any lady might not attend.

MAY GO TO BALTIMORE

Alexandria Light Infantry May Escort Governor at Star Spangled Banner Celebration.

While Governor Stuart is yet to be definitely advised as to the intentions of the military companies regarding their participation in Star Spangled Banner Day ceremones in Baltimore September 12, it is practically assured that Virginia will be represented in the big military and civic pageant by four or five companies of the National Guard.

Major Lawrence T. Price has indicated that the Richmond Grays will be represented in the parade if two full companies can be mustered for the trip. Otherwise no part of his battalion will go to Baltimore. It is up to the men to decide whether they shall acompany the Governor and his staff to Baltimore.

Preparations are making in Norfolk, Alexandria, Fredericksburg, and Roanoke, where the local military companies contemplate joining in the celebration in the Oriole City. It is possible that an effort will be made to send the Richmond, Norfolk and Alexandria troops together to Baltimore.

Major Bowles, of the Richmond Light Infantry Blues, and Major Price, of the Richmond Grays, will make a definite report on their plans to the Governor when he returns from his vacation.

The Star Spangled Banner Centennial opens September 6. Special programs have been arranged for each day of the ensuing week. Star Spangled Banner Day is reserved for the closing festivities and ceremonies. It is not contemplated to keep the Virginia delegation in the city more than one day, the final day of the celebration.

BOLTS STRIKE CHURCHES.

First Baptist and M. E. Church South Slightly Injured Wednesday.

During the electric disturbances Wednesday evening lightning struck the Washington Street M. E. Church South and the First Baptist Church. The damage to both edifices was slight.

COOL WAVE ARRIVES.

Pleasant Weather is Expected After Heavy Showers.

The cooler weather that was forecast, came yesterday, although it was at sundown that the full benefit of it was felt.

Heavy showers in the afternoon did much to cool off the streets and walls of buildings which have absorbed the rays of a burning sun for the last few days.

The farmers have been made glad by the copious showers of the past few days.

CHARTER GRANTED.

The Rebuilt Typewriter Company, Barcroft, Alexandria county, has been granted a charter by the State Corporation Commission with an authorized capital of from $1,000 to $15,000. The officers are George F. Camille, president; F. C. Handy, secretary, and M. W. Baldwin, treasurer, all of Washington.

FUNERALS.

Funeral services for Mrs. Francis Hart were held this morning from the residence of Mrs. Jackson Davis, 308 Queen street, and were conducted by the Rev. G. A. Luttrell, pastor of Trinity M. E. Church.

The body of Mrs. J. D. Kiger, who died last night at her home, 302 south St. Asaph street, after a long illness, was sent to Winchester this morning where the funeral will take place. Mrs. Kiger is survived by three children, C. J Kiger, of Atlanta, Ga., J. J. Kiger, of The Plains, Va., and Mrs. Charles E. Jones, of this city.

WHISKY DISPENSARY TO GO.

Abingdon, Va., Votes to Abolish Profit-Sharing Institution.

Bristol, Va.Tenn., August 12.—The citizens of Abingdon, Washington county, Va., yesterday voted to abolish the whisky dispensary there after it had been in existence six years, the vote being 236 to 12.

Before saloons were licensed in Bristol the dispensary earned $30,000 per annum for the town of Abingdon, but for the last three years its profits have but little exceeded $10,000.

FOR RENT—Furnished house, eight rooms, hot water heat, electricity, gas range. Centrally located. Address R. W. Gazette Office. 10_3t.

WOULD FILL VACANCY

Majority in Common Council Anxious to Elect Mr. Spink's Successor.

Local politicians are interested in the announcement that the majority of the members of City Council will endeavor to elect a successor to Councilman Frank C. Spinks, who died a few days ago. Five weeks ago Council adjourned for the summer, and it was the expectation that no more meetings would be held until September 1st, when the new members of Council elected last May will take their seats. Five of the present members of Council, were defeated for re-election and, it is said, that all of these five compromise a part of the majority that will endeavor to elect Mr. Spinks' successor. Several of the members of the minority are away from the city and will not return until the opening of Council in September.

A number of names of candidates to succeed Mr. Spinks have been mentioned, among them William Campbell, who was recently defeated for the Board of Aldermen from the First ward.

Contests are expected in both bodies of Council over the election of presiding officers when the first meeting is held. In the lower board Howard W. Smith has a big lead over anyone who will be named against him. In the upper board Henry K. Field, it is said, will also have opposition.

GIVEN NINETY DAYS.

A negro named Lee Alexander entered a cookshop in the northeastern section of the city this morning and became disorderly. The woman in charge of the place could do nothing with him, and his conduct attracting the attention of people in the locality, a resident suggested that she call Officer Bell, who was passing at the time.

The negro defied the officer, casting an ugly epithet at him at the same time. The officer approached and took him in charge, and he was immediately made to face the bar in the Police Court. When asked why he was not at work, Alexander said it was too muddy. He was given 90 days in jail for drunken and disorderly conduct and vagrancy.

MEETING IN THE COUNTY.

Will Consider Proposed New Mount Vernon Highway.

A joint meeting of the Board of Supervisors of Alexandria county and citizens of Jefferson district will be held tonight in Mount Vernon Avenue School house at Del Ray to consider the two routes proposed for the new highway. It will be suggested at the meeting that two routes be followed—that originally fixed upon which passes through Del Ray and Potomac and another prong which will pass through Braddock, Mount Ida and Rosemont.

GIVEN THIRTY DAYS.

Officer Bell last night arrested a colored boy named James Edwards, sixteen years old, on the charge of entering the home of John Lindsey, colored, and stealing a pistol. Edwards attempted to sell the weapon. He was brought before the Police Court this morning and sentenced to serve thirty days in jail. The accused said he arrived in Alexandria from Baltimore three days ago.

ALEXANDRIAN IN COLLISION.

An automobile, owned and driven by Julian D. Knight, of Alexandria, collided with a Capital Traction Company car last night in front of 3513 M street northwest, Washington. The machine was slightly damaged, but no one was hurt.

SMOKER TONIGHT.

The second smoker of the summer season will be given by members of the Old Dominion Boat Club tonight, at their club house on the Potomac.

The committee on arrangements has been diligently at work arranging a programme, and judging fro mthe report the affair will be up to the standard of former ones.

Some of the best local and Washington talent has been secured. The feature event will be "Red" Kelly, of this city, against "Young" Thomas, This will be the last entertainment of the sort to be given before fall, and a large crowd will be prepared for.

TOO DRUNK FOR TRIAL.

A negro named Lee Jones, was arrested this morning for drunken and disorderly conduct on an electric train. When the case was called in the Police Court the accused was found to be too drunk to stand. The case was continued until five o'clock this afternoon.

LAYS ALL BLAME UPON WILLIAM.

"This terrible European conflict, which is now tearing at the vitals of the Western Continent, has been brought about by the self-confidence of one man," says Rev. Dr. Charles A. Rubenstein, rabbi of Har Sanai Temple, Baltimore, who returned yesterday from the Continent after an exciting homeward journey on a steamer of the Holland Line.

Dr. Rubenstein was born in Germany, educated for the ministry there.

"I believe that the present trouble has been brought on by the Kaiser alone,' says Dr. Rubensteln. "The German masses are not in sympathy with the war. He declared war over the heads of the Reichstag and his chancellor. It will take 100 years for Germany to recover from the staggering blow which it will receive. I look forward to a wonderful German immigration to these shores when the war is over. There will not be a future for a young man in Germany for years to come. There will be a repetition of the 1848 immigration. Germany is going to be beaten and beaten badly. She cannot overcome the allies. They are too much for her. It is only a matter of time when Italy will declare war on Germany. A country in Europe has now got to be for or against the Kaiser and the remainder of them, for preservation sake have to be against him.

"I showed the Carnegie Peace Building to my young son in mockery. The United States was the only nation that was sincere at its inception. President Wilson has maintained a steady and dignified poise—a position that has shed luster upon himself and his people. The Hague Tribunal, instigated by the Czar 15 years ago, was born in hypocrisy and will end in infamy. It never was considered seriously by the European governments.

"I look for a great revolution in time that will tear Germany to tatters. The people are paying 20 per cent of theoir incomes to the government. This condition cannot exist long.

"The United States has the opportunity of centuries to gobble up the trade of the world while the European nations war with each other. Congress should pass the merchant marine law."

THINKS GERMANY IS INVINCIBLE.

The following brings to mind the old story of the Dutchman who drew a map of the world. Germany was made to occupy two-thirds of the map, while the United States was represented by a small island:

Aboard the United Fruit liner Calamares, which arrived at New York a few wdays ago from Panama and the West Indies, was Captain Hans Beneke, of the Ninth Dragoons ,and six other German reservists bound for the Fatherland.

"Don't you think Germany is in a rather precarious position just at present?" was one of the questions asked Captain Beneke.

"Not at all," he replied, "Germany has seized the most opportune moment for making war on Europe. Germany and Austria can successfully fight the world. It will take Russia at least two months to mobilize her army. Austria can take care of Russia and Servia, while Germany is crushing the Belgians and French."

"How about England?" was suggested.

Enugland will engage Germany in one great naval battle," stated Captain Beneke, "and whatever the outcome will withdraw from the war, feeling that she has discharged her duty to France."

ACCIDENT TO BOY.

Improvised Cannon Explodes, And One Youngster is Nearly Dead.

Staunton, Va., August 13.—Impressed by reports of the European conflicts two Staunton youngsters improvised a cannon with an old gas pipe and some powder from some BB shells this morning, and "touched her off." The "cannon" exploded and one o fthe boys, Meredith Baugher, was nearly killed, almost the entire right side of his face being torn off by a piece of the pipe. The others youngster, Godwin Johnson, was unhurt.

Physicians say that Baugher, who is a son of J. L. Baugher, an automobile dealer known all over the State, will live.

THE RATCLIFFE APPEAL.

Will Hear Argument as to Whether There Shall be a New Trial.

Richmond, August 13.—Judge R. H. Cardwell, of the Virginia Supreme Court of Appeals, has allowed a writ of error and supersedes in the appeal taken by the Ratcliffe family from the decision of the Law and Equity Court in which a verdict of $5,000 damages was given in favor of Robert Grant Walker, who sued for alleged alienation of the affections of his wife.

This means that argument on the question of a new trial of the case will be heard by the Supreme Court at a date to be fixed later.

The petitioners were required to furnish a bond of $5,750. The petitioners are H. L. Ratcliffe, Frank Ratcliffe, Alice Rateliffe and John L. Ratcliffe.

RAPID BRIDGING.

Militia Engineers And U. S. Regulars Pontoon Over Occoquan Creek.

Pennsylvania engineers and United States regulars yesterday built a 650-foot pontoon bridge across Occoquan Creek, near Woodbridge, Va. Afterward the engineers, militia, and regulars, the mounted section and wagon trains, went across the bridge along the route traveled by Hooker's division during the civil war. Hooker's men built their bridge in two days, but the engineers built it yesterday in 90 minutes.

The bridge construction was the closing feature of an encampment that has continued for ten days. It was the first joint camp of regular engineer companies and militia engineers. Captain John Kinghan, U. S. A., directed the camp. The site was Belvoir, 12 miles south of Alexandria.

Unusual experience marked the camp, participated in by companies A and D, corps of engineers, U. S. A., and A, of Scranton, and B, of Philadelphia, State guards of Pennsylvania. Forest fires threatened the encampment on one occasion, and several Scranton soldiers had narrow escapes when rowboats were swamped by river steamers. The militiamen will break camp today.

DESTROYED BY A MINE.

Germans Blow up One of Their Own Torpedo Boats.

London, August 13.—The Copenhagen correspondent of the Daily Mail says.

"It is ascertained that the German torpedo-boat destroyer which was reported to have been sunk by the explosion of one of her boilers off South Gedser on August 5 really was destroyed by a mine laid by a German warship.

"The Danish and Swedish steamers, it is reported, ceased running as a result of information that the Germans had laid contact mines in the North Sea."

Germany is making severe drain upon her financial credit reserve's system. The reichstag has passed 77 emergency bills. The first authorizes the extraordinary expenditure of a $1,325,000,000 loan.

At a Corporation Court of the City of Alexandria, continued and held at Courthouse of the said City on Thursday, July 9th, 1914.

Present, Hon. Louis C. Barley, Judge.

Emma E. Schilling Nauman, Complainant,
Vs.
John Nauman, Defendant.
IN CHANCERY.

An affidavit having been duly made, as required by law, that the defendant is a non-resident of the State of Virginia, and that he cannot be found within the jurisdiction of this State, and the sergeant having made a return upon the original process or summons issued herein that the defendant is a non-resident of his bailiwick, and application having been duly made in open court for an order of publication against the said defendant to appear and answer a bill in chancery filed by the complainant against the defendant for an absolute divorce on the grounds of wilful desertion and abandonment for more than three years prior to the institution of this suit, and an order of publication having been duly granted in open court, it is therefore ordered that said defendant do appear here within 15 days after due publication hereof to answer the suit of complainant against the defendant for an absolute divorce on the grounds of wilful desertion and abandonment for more than three years prior to the institution of this suit, and to do what may be necessary to protect his interest in this suit And it is further ordered that a copy of this order be published once a week for four successive weeks in the Alexandria Gazette, a newspaper published in Alexandria City, Virginia, and that a copy be sent by registered mail by the clerk of this court to the last known place of address, residence and abode of defendant, to wit: State Hospital for the Insane, Norristown, Pennsylvania, as stated in the application for this order of publication, which shall be certified by the clerk of this court, and that a copy be posted at the front door of this court on or before the next rule day of this court.

Headache and Nervousness Cured.
"Chamberlain's Tablets are entitled to all the praise I can give them," writes Mrs. Richard Olp, Spencerport, N. Y. They have cured me of headache and nervousness and restored me to my normal health. For sale by all dealers.

TUBERCULOSIS.
In addition to plenty of fresh air and proper diet, those suffering from or who are predisposed to Tuberculosis are recommended to use Eckman's Alterative to stop night sweats, banish fever and hasten recovery. This medicine, by reason of its successful use during the past, warrants the fullest investigation possible by every sufferer.
Eckman's Alterative is most efficacious in bronchia: catarrh and severe throat and lung affections and in upbuilding the system. It contains no narcotics, nor harmful or habit-forming drugs. Accept no substitutes. Sold by leading druggists. Write to the Eckman Laboratory. Philadelphia, Pa., for booklet telling of recoveries.

KEEP COOL
and keep your food cool, too, if you would be healthy and comfortable during the dog days. The only way to keep the food in proper condition is to surround it with pure ice—not the cheap and dirty kind that carries contamination with it. We will serve you daily with the purest ice at a very slight cost.
MUTUAL ICE COMP'Y.

Driving Outfits

We furnish everything but the horse. Buggies with style and endurance, wagons for every farm and city purpose. Harness of every requirement, stable accesories for every need.

The Twenty-Year Test.
"Some twenty years ago I used Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Gen. W. Brook, publisher of the Enterprise, Aberdeen, Md. "I discovered that it was a quick and safe cure for diarrhoea. Since then no one can sell me anything said to be 'just as good.' During all these years I have used it and recommended it many times, and it has never disappointed anyone." For sale by all dealers.

Not So Strange After All.
You may think it strange that so many people are cured of stomach trouble by Chamberlain's Tablets. You would not, however, if you should give them a trial. They strengthen and invigorate the stomach and enable it to perform its functions naturally - Mrs. Rosie Rish, Wabash, Ind., writes: "Nothing did me the least good until I began using Chamberlain's Tablets. It is decidedly the best medicine for stomach trouble I have ever used." For sale by all dealers.

THREATS EFFECTIVE.

Price of Hogs and Other Meats Take Tumble.

Chicago, August 13.—It was admitted at the stock yards that consumers ugitating against high prices had considerable to do with a fall of 40 to 50 cents per hundred weight in the price of hogs as compared with quotations 24 hours before. In some extreme cases, the drop since Monday had been as much as a dollar.

Threats of a general boycott against all kinds of pork had the effect of lessening the demand from butchers. At the same time the receipts of hogs here were greatly enlarged. The arrivals today alone amounted to 40,000 as against 60,000 during the whole of last week, when the supply was the lowest in a quarter o fa century.

Likelihood of widespread abstention from beef and mutton as well as pork, was also taken notice of at the yards. Yesterday's prices for cattle, sheep and lambs were down 10 to 15 cents.

A leading packer announced the sale of 2,000,000 pounds of canned meats to the French government.

SELF CONFESSED SLAYER.

Was Trying to Kill Dr. Carmen When She Shot Mrs. Bell.

New York, August 13.—Officials yesterday that Mrs. Helen Cohan had surrendered at Niagara Falls after making a confession that she had killed Mrs. Louise Bailey in the of been examined at Niagara Falls and bee nexamined at Niagara Falls and found sane.

The notification came from the Buffalo authorities who also sent word that Mrs. Cohan had supplemented her confession with a statement that she was trying to kill Dr. Carman because he had circulated stories that prevented her getting work as a nurse.

Mrs. Florence Carman, the physician's wife, is under indictment for the death of Mrs. Bailey.

FIVE ON BLAZING YACHT.

Escape in Small Boat Just Before Explosion.

Sheboygan, Wis., August 13.—The Marguerite, a sixty-foot power boat, owned by the Fullers, of Evanston, Ill., was destroyed by fire ten miles off Port Washington, yesterday. Three men and two women escaped in a small life boat. The craft, a cabin cruiser valued at $30,000, was destroyed.

The owner, his wife and two guests were on a lake cruise. They were asleep in the cabin when the Japanese cook got up and started a fire in the galley to prepare breakfast and then went back to sleep. In a few minutes he was awakened to find the boat on fire, and had hardly more than time to awaken the sleepers and get them into the small boat before the larger fuel tank exploded.

The party was picked up by the tug Torrent, which took them to Port Washington.

RUSSIAN EMPRESS ILL.

Refugee Dowager Will Undergo an Oepration in Berne.

Berne, Switzerland, August 13.—The Dowager Empress Maria Feodorovna of Russia has arrived here seriously ill, and it is stated will undergo a surgical operation. The Dowager Empress, who is the sister of Queen Mother Alexandra,was stopped in Berlin, August 3, on her way to St. Petersburg. Eventually she was permitted to go to Stockholm. She has decided to remain in Switzerland during the war.

A SUGGESTION TO THE CHAMBER OF COMMERCE.

In view of the absolute necessity of the saloon, and in consideration of the **enormous** revenue derived therefrom, the following suggestion is made to Chamber of Commerce:

Change the sign at the head of King street to read as follows:

Alexandria, Virginia, six railroads, five steamship lines and FORTY - FIVE SALOONS.

MAN'S SUPREME WISDOM.

Some of the Conceit Taken Out of the Genus Homo.

Mountain Lake Park, Md., August 13.—In an address before the Bible Conference the Rev. John McNeill said the European war is an example of God's refutation of the wisdom of man.

"Men have been saying in smug confidence," Dr. McNeill said, "that the way to prevent war is to prepare for war. Suddenly the storm of war has broken and swept aside all of the theories of men. Probably for a generation peace will follow the close of the war, but the next generation will probably forget the lessons of the fathers. The way to get rid of war is to get rid of the spirit of evil and set up in the hearts of men the rule of Christ.

"One advantage Israel had in its fight against Jericho was that the two forces were entirely seperate, with a clear division between them. The trouble in the church today is that saints and sinners are so mixed up that a Christian is afraid to strike a lick for fear that he will give his brother a punch.

"The most humiliating condition for the church is when she has the pity of the world. Let the church be aggressive in its warfare against sin. The world may not always like us, but it will respect us if we take that attitude."

How to deal with professing Christians who indulge in the tango, go to theatre and read society novels, was explained by Dr. F. B. Meyer, who spoke on the need of spirituality in the church.

"There is no use," he said, "in talking against the tango, for when we do everybody wants to see it. When I write denouncing any particular novel everybody goes and buys it. There is only one way to cure a taste for these things, and that is by acquiring a taste for higher and more spiritual things. After a week on the Atlntic, I can detect the closeness of air in a room that a person just coming out of smoky London would not notice. Breathe the ozone of the spiritual life if you want to have your spiritual sensibilities keen."

NAVAL BATTLE REPORTED.

Germans and English Men-of-War Said to Have Met.

Boston, August 13.—A wireless dispatch picked up at radio stations along the New England Coast late yesterday afternoon stated that the British cruiser Suffolk had defeated a German warship in a terrific encounter ten miles off Portsmouth, N. H., harbor today.

The Suffolk claimed to have won the victory over the German ship. The latter craft was said to be in a sinking condition.

Summer residents at the Isle of Shoals, off the New Hampshire coast, over the long distance telephone said they had plainly seen the two warships in action; had seen the smoke from their guns and had heard the roar of the guns.

The name given the German craft in the wireless report was Umbago.

No such name is given in the registry of the German navy. This was explained by naval experts as probably being the code measure of the German ship.

GOOD WAY TO DO BUSINESS.

Leadbeater & Sons Sell Reliable Remedy at Half Price and Guarantee a Cure.

When one can buy gold dollars for fifty cents, it is a good time to purchase.

In ordering a 50c bottle of Dr. Howard's celebrated specific for the cure of constipation and dyspepsia at 25 cents, Leadbeater & Sons are giving one of the greatest trade chances ever offered to the people of Alexandria.

Even though offered at half price for introductory purposes the specific is sold under a guarantee to cure or the money will be refunded.

If food does not digest well, if there is gas or pain in the stomach, if the tongue is coated and the breath bad, if there is constipation and straining, Dr. Howard's specific will cure you. If it does not, you have druggists Leadbeater & Sons' personal guarantee to return your moeny.

Dr. Howard's specific gives quick relief and makes permanent cures of constipation, dyspepsia and all liver troubles.

These are strong statements, but Leadbeater & Sons are giving their customers a chance to prove their truth at just half the regular price—sixty doses for 25 cents. If they are not found true, all you have to do is to ask for your money.

BISHOP KINSOLVING AGAINST STATEWIDE.

Episcopal Prelate of Austin, Texas, Favors High License, Local Option And Strict Enforcement.

Houston, Texas, April 12.—Bishop Kinsolving, of the Episcopal Church, on his recent visit to Houston from Austin stated without reserve that he is opposed to Statewide prohibition. Bishop Kinsolving was making a tour of his diocese, visiting towns in Eastern Texas.

"I am for high license and local option and a strict enforcement of the law against intemperance," he said. "I do not believe in the wisdom or expediency of state-wide prohibition. I believe there are better ways of controlling the liquor question.

"I have been almost a total abstainer all my life. I have a perfect right to put prohibition upon my own stomach—but not on anybody's else—by legislation. In college I found some who drank wine, but I did not. I found some who used tobacco, but I felt no desire or need of it myself.

"If I see another who wishes to smoke cigarettes I have no right to put my hand at his throat and tell him he must quit. I do not have to use them myself. Local option does good in a small town. I have seen small towns improved by it. But I do not think it wisdom for the small town to try to dictate to the cities."

In speaking of the enforcement of the law Bishop Kinsolving remarked that if a man became a violator of the laws requiring sobriety he should "be thrown into the calaboose."

"Others may disagree with me," said the bishop. "That is their right. I have no quarrel with them. They should have the right to think as they please.

"But they should recognize the rights of others to do as they please. "We should not force an unwelcome condition upon any section of the State. That is why I think high license and local option is the fairest solution of the question."—ADV.

VIRGINIA.

In the Clerk's Office of the Corporation Court of the City of Alexandria, on the 7th day of August, 1914, Kate Redmond and Louis Redmond, her husband, Complainants,

Vs.

Mary Cassidy and James Cassidy, her husband; Mary Pewters, John Pewters, her husband; Kate Pewters, widow, and William O'Connor, bachelor, Defendants.

IN CHANCERY.

Had Serious Lung Trouble—Now Well

Sufferers from Lung Trouble are often misled in the belief that nothing will save them. Rest, fresh air, wholesome food and regularity in habits do much in aiding to restore health, but something else is needed. Many people who have taken Eckman's Alterative have testified that it was this medicine which restored them to health. Read this:—

Weldon, Ill.

"Gentlemen: Through your instrumentality I have been saved from a premature grave. On December 14, 1904, I was taken with Typhoid Pneumonia, which developed into Lung Trouble. In February, 1906, I went to Fort Worth, Texas, and later to Canon City, Colorado. After being there two weeks my physician informed me that my case was hopeless. Three weeks later I returned home, weighing 103 pounds, the doctor having given me no assurance of reaching there alive. On July 24, 1905, I began taking Eckman's wonderful remedy for Lung Trouble. Today I weigh 158 pounds. I am stout and well and can do any kind of work about my grain elevator."

(Affidavit) ARTHUR WEBB.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in npbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists

SUMMER PRICES ANTHRACITE COAL

Anthracite coal delivered in August will be at the lowest summer prices.

We are taking the greatest care in buying the very best grades of coal for our trade and are paying the highest market prices in an effort to get only the very best.

We strongly urge our customers to place their orders early, as the coal is carefully prepared and the deliveries are more certain.

Alexandria, Virginia

THE SUMMER COMFORT

July is here and we are probably in for the usual amount of hot, humid weather.

One of our Electric Fans will do much to "put ginger" in the office force on hot days.

The cost of operation is negligable, less than one-half a cent per hour.

Let us show you our line of eight, twelve and sixteen inch fans.

It pays to have a breeze under your control.
